

## How To Sign Up

Patients must be aged 16 or over and apply in person at the surgery, bringing with them photo-identification (such as a passport, photo driving licence or Bus Pass)

Our Receptionist will then generate a username and password for you which will be sent to your email.

If you are in a consultation with an GP or Practice Nurse, they will be able to sign you up, giving you their verification as a healthcare professional, without needing your photo ID.

To complete your registration process you must log into SystmOnline.
